Key Features

- Small and compact inline instantaneous water heater ideal for hand basin supply
- Design allows for installation in 4 different orientations giving flexibility to installers
- Instantaneous heating at point of use, eliminates long inefficient pipe run heat loss to a centrally located cylinder, saving space and energy
- Suitable for two hand wash basins or a manual mixer shower and hand basin (with the RM2 accessory)
- There is an option to disable one of the two heating elements internally at installation to reduced power
- A Energy efficiency rated with a manufacturers 2 year UK guarantee
