

Premier Centrifugal Fans

Models: CF20TX & LVCF20TX

Product Description

The new universal Premier range of centrifugal extract fans is designed specifically for domestic application including toilets, bathrooms, utility rooms and kitchens where longer duct runs are required. Xpelair Premier offers social housing providers and installers a one-stop solution to accommodate many different property layouts.

Key Features:

- Fan can be configured at installation for either intermittent (Building Regulation system 1) or continuous dMEV (Building Regulation system 3) running
- Gloss white casing with a clean and sleek appearance
- Low watt brushless DC motor for low cost operation
- Retrofittable to previous Xpelair Premier fan ranges
- Room selector to enable correct ventilation rates at install
- Datalogger to record fan's daily use
- Integral run-on timer, humidistat and pullcord to boost fan as required
- LVCF20TX model comes complete with transformer for safe operation in splash zone 1
